

HOW TO MULTIPLY DECIMALS

Multiplication

1.

Multiply like usual.

2.

Count the number of decimals in both factors.

3.

Move the decimal over in the answer to match the number of spaces in both factors.

$$\begin{array}{r} 10.\underline{08} \\ \times \quad \underline{1.2} \\ \hline + \quad 2016 \\ + 10080 \\ \hline 12.\underline{096} \end{array}$$
